

## Botanicals Floral Studio

Dear Studio Guest:

We are excited to offer a new and exciting program at our Studio. Check it out below and let us know what you think!

### **Botanicals Vase Recycle Program**

Over the years, we have heard from many of our customers that closets and cabinets in their home are full of stockpiled vases. They are not sure what to do with them and do not want to throw them away. We now have a solution for all those vases.

Botanicals Floral Studio is proud to announce our new Vase Recycling Program. This program is one of the ways that Botanicals is "Going Green" in 2009. We are constantly looking for ways to minimize our carbon foot print and help the environment.

#### **How it Works**

Vase Recycling is easy. For every 5 glass vases you bring in to our studio to be recycled, you will receive a \$10 gift card from Botanicals Floral Studio that can be used towards future purchases. Each vase will be inspected to make sure that it is able to be reused. However, any vase that is not able to be reused will be recycled as well.

It's that simple! So, start digging out your old vases and bring them to us, we will gladly take them off your hands. Our Vase Recycling Program is one of the many programs that have made Botanicals Floral Studio the Number One Rated Florist in Fond du Lac.
